

Preschool Perky Parrots

Dear Parents of our Preschool Parrots

Our preschoolers, also known as Parrots are divided into groups of 6 crews with 4-5 members. They each are assigned a crew leader as follows:

Each crew will meet in an assigned classroom in the learning center. We ask that you bring your child to this room each day.

At the end of VBS, while our elementary students will end their day in the sanctuary we will dismiss our preschoolers early so they can return to the classroom. Please come into the classroom to pick up your child. We want

to ensure that every child is with a parent when leaving the classroom.

You **MUST** also sign your child out on the book at the entrance

of the preschool.

The children will travel with their crew leader and helper to sing, do crafts, have a snack, play games, watch a VBS video featuring Chadder and hear a Bible Story.

We realize that this is the first structured environment for some of our three year olds. We hope to work with you as your child may deal with any separation anxiety issues. Please let us know if you have questions about this.

Some of the games involve water and a little dirt so dress your kids so you

do not worry about their clothing getting dirty.

Thank you for sending your children to our VBS to learn about Jesus Christ their Risen Savior and Lord!
